ABSTRACT

This directory, the third of four volumes devoted to the description and tabulation of multicultural programs offered within the United States on the postsecondary level, continues the listings of ethnic studies programs from Volumes One and Two. The listings are organized according to both ethnic group and state, beginning with Michigan and ending with Ohio. Volume Three continues the tally of schools that offer: a concentration; an undergraduate major or minor; an associate's, master's, or doctor's degree and/or a certificate. Page number references for the more detailed information offered at the end of the volume are also provided. Specifics of that information include faculty listings, student participation figures, and curriculum breakdown of each ethnic studies program. (LH)
